

## **Misleading Physical Identity**

With many people there is currently and always has been too much identity with our physical nature and not enough identity with our spiritual nature. The Holy Bible tells us that God created man in his image. We immediately use our conscious senses to assume that God is this human form that made us in his likeness, all behavioral patterns in creation represents this scenario as very unlikely and illogical. God's spiritual image in the form of unconditional love and the heart felt feelings and emotions that stem from it are the image of God in us. When we see things with our heart and feel them in our soul, we are in sync with the Holy Spirit, which is the spirit of God. Our physical visual distraction also prevents us from realizing the true beauty in creation and each other. When we see others for who they are inside and not for their physical appearance, we are seeing them with our heart and truth guides our understanding. It has been said that some see a beautiful sunset, while others feel it. Physical identity is a conscious and a temporal understanding that can separate us from our spiritual nature. The Holy Spirit (Jesus Christ) became incarnate to teach us how to realize and follow our spiritual nature. The Holy Bible and all other known sources of information from Jesus' time leave us with no confirmation of his physical appearance. In many ways Jesus told us not to worship his earthly body, but to worship his Heavenly Father (The Holy Spirit). Jesus said to his disciples, blessed are those who believe without seeing me.
