

## **The Eternal Sea of Spirituality**

The gift of faith opens the door to eternal wisdom, (the Holy Spirit) this is the eternal sea of spirituality. We must believe in eternity, before we can understand and believe in creation. Many people, regardless of intellect choose to deny this simple and obvious equation in the name of self, even though it is illogical and lacks reasoning. We cannot know what we cannot know, so we must yield to eternal wisdom. In the holy Bible God states, my ways are not your ways.

Both unconditional love and evil have a spiritual origin, so we must be in the presence of the Holy Spirit (unconditional love) to overcome evil influence. Our consciousness regulates the behavior of the conscious dimension, and our consciousness is influenced by our spiritual attraction. Our spiritual connection with unconditional love and evil influences our conscious behavior. If our predominate attraction is with unconditional love, then evil is overcome, and we prevail with Gods Will. If we cling to our conscious self (the finite), we are denying our spiritual origin and subject ourselves to the cyclic nature of consciousness. This process is governed by our free will, when we fail to put God first, the result is chaos and evil prevails. God's love is a spiritual awareness, when we learn to let go of self and yield to the Holy Spirit through faith, then we are one with the spirit of God. Jesus Christ teaches s how to do this.
